

DETAILED ACTION

Allowable Subject Matter

1. Claims 1-11 are allowed in view of amendments and Applicant's arguments (pages V!! of Appeal Brief filed 03/05/07) and BPAI Decision filed 06/21/2011. Particularly, the prior art of record fails to disclose or fairly suggest a system or method for distributing content where "...sending a private data packet in addition to the broadcast video from the service provider, over the network and through the broadband digital terminal to the set top box, the packet containing application interface information for the service provider and containing the service provider address; and establishing an impulse pay-per-view communication path from the set top box through the broadband digital terminal and over the network to the service provider based upon the address to allow interactive programming using the application interface information between the service provider and the set top box to personalize the broadcast programming.", as recited in combination with other features with respect to independent claim 1; and "...a set top box receiving the packet from the broadband digital terminal, and cooperating with the broadband digital terminal and the broadcast source to establish an impulse pay-per-view data path extending from the set top box to the broadband digital terminal, and over the private virtual channel to the broadcast source at the destination address, the data path allowing application interface information to be communicated in real-time between the set top box and the broadcast source" as recited in combination with other features as to independent claim 5.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
